

## **REPORT ERASMUS+ MOBILITY HELSINKI, FINLAND**

On Saturday night 21st April 2018 at 6 pm we gathered at the Ljubljana Jože Pučnik Airport and at 10.40 pm we landed in Helsinki airport.

On 22nd April we met our teacher and went to get lost in the beautiful city of Helsinki. On Monday morning we went to their hairdressing school, where we met our mentor Seija. She is very nice. After that we went to the " Helsinki eye", from where we could see most of the city. The next day we all went to our salons. From Monday to Friday we worked in the salons. Suzana, Blažka and Nejc had their own space to check-in client. We could have our own client and work by ourselves or a worker could help us or advise us. The workers were very nice and helpful. And closer to the end we all were like a great team and we all connected. The last day we all got a present from them and they all got some present from Slovenia from us. At the weekend we enjoyed our stay in Helsinki.

The second weekend we visited Sea Life and the zoo. We tried to visit Tallinn, the capital city of Estonia, but they said we are too young, so we decided to go to the zoo.

The third weekend we spent our Saturday at home because Nejc had to work and on Sunday we went to the amusement park Linnanmäki. The fourth weekend we had a lot of fun. On Saturday we had a shopping day and spent a lot of money for gifts for our family and friends. On Sunday we went to Suomenlinna island. We had a nice photoshooting that ended with Nejc, Suzana and Sara in the cold water. Since we were wet, we decided to sunbath. It was a bad idea, because we got sunburned. But it was a great day.

We spent our last week working in the salons. On Friday we surprised our salons with gifts from Slovenia. On 19th May 2018 at 4.20 pm we had our flight to Ljubljana. We landed in Ljubljana at 6.40 pm (different time zone) and met our families.

We had bad and cold weather the first two weeks, but very sunny and hot the last two weeks. The highest temperature was 24 degrees. The Finnish people are very nice and helpful. Every time we got lost, someone tried to help us. We enjoyed our time in Finland and decided to visit it again.
